

## **X-5**

### *Heavy-Duty Flange Machine with Belt Drive*

This high-speed flange machine from GALKIN is the ultimate belt drive flanger, capable of flanging a wide range of materials from flat to the thickest of quilt panels.

SPECIFICATIONS	X-5
Max sewing speed	4500 RPM
Recommended sewing speed	4000 RPM
Max panel thickness	6" (152 mm)
Min panel thickness	flat
SPI	4-5
Seam Width	3/4" (19 mm)
Presser Foot Height	1.56" (39 mm)
Needle type	135X7
Needle size	22
Yield	850+/-panels/8 hour shift
Voltage	220V
Current (amps)	5
Air pressure (psi)	80
Air consumption (cfm)	2
Shipping Weight	390 lbs (177 kg)
Shipping dimensions	59" X 34" X 51" (150 X 86 X 130 cm)

The X-5 is a heavy-duty flange machine that can flange any flat material or quilting thickness. It features a patented needle bar drive that allows it to have over 1.5" (38 mm) of foot lift for the operator to load panels effortlessly.

- Loads the heaviest panel quickly and easily.
- Immense pulling power.
- Unique belt-mounting design gives the operator unparalleled sight lines.
- Power-trac belt drive design gives it unique cornering abilities and allows for smooth, wrinkle-free sewing.
- The fastest flanger available.
- Balanced, high-speed components.
- Modular unit design allows future upgrade to automated workstations.

Global Systems Group® (GSG) is a collection of the world's leading mattress machinery companies. These GSG machinery companies represent leading-edge technology in computerized quilting machines and panel cutters, automated and conventional sewing machines, material handling solutions, and mattress-packaging equipment.
