

ROA 400RS

Rolled-Coil Package Opener

Package opener from Gateway® Systems unpacks rolled-coil spring units safer and with greater efficiency.

Optional motorized elevator lift

SPECIFICATION	ROA 400RS
Max roll diameter	25.5" (650 mm)
Max roll width	83" (2100 mm)
Upper belt width	83" (2100 mm)
Lower belt width	83" (2100 mm)
Max roll weight	200 kg
Roll unwinding speed	59 ft/min (18 m/min) - variable
Re-rolling speed	59 ft/min (18 m/min) - variable
Packaging material	Paper/plastic film/non-woven
Spring unit type	Open coil/pocket coil
Electrical supply	3x400 V; 50/60 Hz
CE Certified	Yes
Footprint dimensions (LxWxH)	157" x 106" x 90" (3987x2702x2278 mm)

The ROA 400RS features top and bottom belt segments that position themselves around the rolled unit to more precisely remove packing paper and eject the unit in a better-controlled method.

- Convenient "reseal" feature permits you to unpack some of the units then repack the remaining rolled springs for later use.
- Paper is rolled and collected under bottom belt, preventing soft and thin units from being pulled and rewound again on the roll.
- Discarded paper is accessed from side door.
- Built-in ramp provides easy loading of rolled units.
- Fully enclosed doors enable safer operations.

Global Systems Group® (GSG) is a collection of the world's leading mattress machinery companies. These GSG machinery companies represent leading-edge technology in computerized quilting machines and panel cutters, automated and conventional sewing machines, material handling solutions, and mattress-packaging equipment.
