TK112/TK114 Border Tacker

This is a versatile border tacker sewing system to create decorative border patterns. The TK114 is available with four sewing heads and the TK112 is available with two sewing heads. Use the touchscreen interface to control programmable product specs and a variety of pattern styles. This machine can quilt borders up to 19.7" (500 mm) wide at a rate of 2,000 spm.

An optional multi-needle chainstitch sewing head enables the machine to also add decorative ribbons, zippers, and 3D mesh materials.
