

ME103

Compact 2-stage wrapper

Get the same great packaging quality as the popular ME104 with this value-priced, compact machine designed for light volume producers.

MERELLO
INGENIEROS S.L.

Compact AutoPackage Machine for affordable quality packaging.

*Superior seal quality,
tight fitting film,
clean cut trimming,
excellent value!*

- Utilizes same "Cold Seal" technology of popular Merello ME104 and ME105 wrappers
- "Cold Seal" technology reduces faulty seals due to prematurely melted film during heat cycle.
- Top quality packaging for low volume producers
- PLC controls
- Manually adjustable for various sizes
- Teflon heat strips are easily changed in 5 minutes and can last 100,000+ cycles (depending on production variables)
- 1 cycle per minute
- Wrap units 170x70x10cm to 220x160x35cm
- CE-compliant
- Absence of top seal bar wiring eliminates electric malfunctions due to wiring wear from cycle repetitions

Global Systems Group® (GSG) is a collection of the world's leading mattress machinery companies. These GSG machinery companies represent leading edge technology in computerized quilting machines and panel cutters; automated and conventional sewing machines; and mattress packaging equipment.
