25000-010 air table

The 25000-010 is the perfect complement to any GSG sewing workstation where operator strain is a concern due to handling heavy quilted panels.

Features & Benefits

- The 25000-010 Air Table will float the heaviest/most dense quilted panels during the flanging, binding, blindstitching processes.
- Innovative "diffuser nozzle" air holes come all the way to the table's edge and create an evenly distributed pattern of air beneath the quilt and actually increases the air pressure between the quilt and tabletop.
- The air hole design allows the 25000-010 to keep the air blowers quiet and requires minimal electrical power.

Specifications

Height min 30 5/8" (78 cm)

Height max 32 7/8" (83.5 cm)

Current 220, 1 ph

Horsepower 3.2

Amps 15

Weight (gross) 840 lbs. (381 kg)

Shipping Dimensions 99" x 51" x 79" (251 x 130 x 201 cm)

Footprint 144.5 x 125 machine only allow 3 feet clearance on all sides
