GAP 6800 Velcoin® fastener applicator

The Galkin line of automated Velcro® fastener workstations are the only machines specifically designed to rapidly and accurately cut, position, and apply adhesive-backed hook-and-loop round Velcoin® fasteners.

The GAP6800 Velcoin® fastener applicator automatically peels away and disposes of the backing tape of the Velcro® fastener. When the roll is empty, workers simply remove the wound roll of tape and reload a new roll or spool. Patented feed-and-application processes completely eliminate the handling of Velcro® fasteners. Simply position the product and activate the application cycle via conveniently located hand paddles or foot paddles.

Features & Benefits

- Velcro Coin Diameter: 1.3 – 2.5 cm
- Repeatability: +/- 1/8" (3.2 mm)
- Applications Per Minute: Up to 60
- Locating fixtures and guides repeatedly locate and position the Velcro® fasteners to the product for consistently perfect placement.
- *VELCRO® and VELCOIN® are registered trademarks of VELCRO Industries B.V. GLOBAL SYSTEMS GROUP is an independent machinery manufacturer and is not otherwise associated or affiliated with VELCRO INDUSTRIES B.V. or VELCRO USA INC.

Specifications

Velcro Coin Diameter ½" – 1" (1.25 – 2.5 cm)

Voltage 120V/1/50/60

Current 2 amps

Air Pressure 90 psi/6.2 bar

Air Consumption 0.3 CIM

CE Approved No

Weight 45 lbs (20.4 kg)

Height 24" (61 cm)

Width 23" (58.4 cm)

Length 26" (66 cm)

Repeatability +/- 1/8" (3.2 mm)

Max Thickness Capacity .25" (6.4 mm)

Applications Per Minute Up to 60
