# GAP-QR30-DNB Long Arm Quilt Repair Machine with High Presser Foot Lift

The GAP-QR30-DNB is a long-arm, quilt-repair machine with a high-presser foot lift. It features 3" of material clearance with the presser foot raised, and has faster, accurate repair locating. Due to this high-lift feature, the quilt material isn't dragged under the presser foot to the repair location, reducing the amount of damaged top layers. The GAP-QR30-DNB also includes omni-directional sewing for complex pattern following and a lockstitch sewing head.

## Features & Benefits

- 3" of material clearance with presser foot raised
- Fast, accurate repair locating
- Material isn't dragged under presser foot to the repair location, reducing damaged top layers
- 30" capacity from needle to neck of head casting
- Omni-directional sewing for complex pattern following
- Spoon-style presser foot
- Lockstitch sewing head
- Operators quickly and easily reproduce complex sewing patterns, or create their own
- Options:
  - Ergonomic sewing table with height and angle adjust
  - Electronic needle-positioning motor
  - GAP-AT Air Table
  - Expanded spare parts kit
