GAP4100E High-Speed Capper / Panel Binder with Patented Dual Power Trac Top Feed

The GAP4100E High-Speed Capper / Panel Binder with Patented Dual Power Trac Top Feed eliminates half of tape edge operation and turbo-charges any foundation binding operation. This machine sews the thickest pillowtops and single-ply foundation covers, and its patent-pending binding guide rail keeps binding completely filled throughout the sewing cycle.

Features & Benefits

- Eliminates 1/2 of tape-edge operation
- Turbo-charges any foundation binding operation
- Sewes the thickest pillowtops and single-ply foundation covers
