

## **GBC1500**

### *FR Sock Closer*

Sock closer from GALKIN is an easy-operating system that efficiently sews FR material covering.

SPECIFICATIONS	GBC1500
Max sewing speed	6000 RPM
Recommended sewing speed	4000 RPM
SPI	6 to 17
Voltage	220V
Current (amps)	20
Air pressure (psi)	80
Shipping dimensions	5' X 10' (1.5 x 3m)

The GBC1500 features a compression platen that helps form a snug fit to the unit, and automated sew head that consistently stitches seams that better satisfy FR standards. Its automatic carriage travel means no operator tugging and pulling of the sewing head.

- Compresses edge of foam core where the FR sock will be closed during sewing to get a tight sock fit.
- Synchronized carriage and sewing head for ultimate stitch regulation.
- User-friendly touchscreen interface.
- Heavy-duty structural steel tube construction.

Global Systems Group® (GSG) is a collection of the world's leading mattress machinery companies. These GSG machinery companies represent leading-edge technology in computerized quilting machines and panel cutters, automated and conventional sewing machines, material handling solutions, and mattress-packaging equipment.
