ME105 AutoPackage Machine

The ME105 may be the fastest wrapper in the mattress industry. It self-adjusts to accept varying unit sizes and its unique "Cold Seal" technology creates one of the best seals available. Depending on your product mix, it can package up to five units per minute!

To keep up with the high productivity rate, it can hold up to five rolls of film. Many innovative, automatic features enable the ME105 to create a neat, high-quality appearance for your packaged product.
