# PFM-4000 Flange Machine

The PFM-4000 Flange Machine is a quality flange machine with a patented high-speed spring system. It maintains long stitch lengths at all speeds under most conditions and has an improved easy-feeding mechanism to handle stretch ticking. PFM-4000 also includes an enhanced linkage design that substantially increases strength and durability.

## Features & Benefits

- Patented high-speed spring system
- Maintains long stitch length at all speeds under most conditions
- Improved easy feeding mechanism to handle stretch ticking
- Automatic linkage cooling and lubrication system
- Enhanced linkage design substantially increases strength and durability.
- Maintain your machine with quality OEM machine parts and save money doing it! Choose these quality parts kits specifically designed to keep your Porter equipment operating at peak performance.
- For maximum PFM-4000 productivity, consider the ATA FlangeMaster, which combines a PFM-4000 with an air table and robotic panel-turning device.
- The EST-4000 ErgoSmart Table combines the PFM-4000 with a motorized belt table for the more ergonomic and productive flanging of heavy mattress panels.

## Specifications

**Material** 1/8" - 4" (3mm-102mm)

**Speed** 4000 rpm @ 4 spi

**Footprint** 48" x 20" (1.2 m x .51 m)

**Seam width** 1" (25 mm)

**Presser foot height** ¾" (19 mm)

**Yield** 850+/- panels/8-hour shift
